

BSA Wovens Checklist

Brought to you by the International Scouting Collectors Association (ISCA)
 For an electronic version of this list, go to: www.ScoutTrader.org
 Contact Dave Lannom with any additions or changes (dlannom@icloud.com)

Ref: ISCAChecklist-BSAWovens.doc, October 25, 2025

Changes in this version: Added 16 Sq & Rect, three Rounds and seven Generics; moved six duplicate entries from Sq & Rect tab to the Odd tab

This BSA Wovens Checklist was compiled by Bob Salcido and is maintained by Dave Lannom. It is organized by the type of Woven: Squares and Rectangles, Rounds, Odd Shapes and Generics. The Squares and Rectangles, Rounds and Odd Shapes groups have identifying wording on the woven patch that associates each with a Jamboree, Council, District and or Camp.

The wovens in the Generics group have no distinct marking or lettering to denote affiliation with any Jamboree, Council, District, or Camp. Each category is listed alphabetically. Alpha order has been determined by reading the first word or abbreviation to appear in the upper left-hand corner and following the direction of the lettering from either left-to-right, or top-to-bottom.

Select the tabs below to access and view the four separate worksheets for the four different groups of wovens. Each tab has a column denoting a new woven on the list as of the date of the list), a checkbox column and the woven description. The number associated with each woven will change as new wovens are added to the checklist.

If you know of any other BSA wovens not on this checklist, please send an e-mail to Dave Lannom at dlannom@icloud.com; a picture of the unlisted woven would be very helpful.

BSA WOVENS – SQUARES AND RECTANGLES

	New		Description
